1. VOCATIONAL GRADED EXAMINATIONS IN DANCE

INTRODUCTION

The *Imperial Society of Teachers of Dancing* Vocational Graded Examinations in Contemporary Dance, Intermediate Foundation, develop the candidate's expertise in such a way as to provide the basis for either further professional dance training or teacher training. Through the study of the syllabus, candidates are following a vocational path, requiring a high level of commitment and understanding of safe dance practice.

Successful candidates at this level should show a high standard of technique, a sound knowledge and understanding of the Contemporary Dance genre and secure performing skills. Candidates studying the Contemporary Dance Vocational Graded syllabus should also typically display a sense of self-awareness and be self-motivated in terms of their personal development.

A degree of personal interpretation is encouraged, and the candidate is expected to show their artistic application. Candidates will need to show the qualities of professionalism, commitment and focus. This would typically result in a successful candidate spending significant additional time each week in lessons, practising and studying independently.

The Vocational Graded examinations are concerned specifically with the mastery of technique and underpinning understanding, to a level sufficient to prepare candidates for further vocational training and match current expectations in the employment sector. The Vocational Graded Examinations are regulated qualifications on the Regulated Qualifications Framework. Intermediate Foundation is located at Level 2 and Intermediate at Level 3.

AIMS

Imperial Society of Teachers of Dancing Vocational Graded Examinations in Contemporary Dance provide an assessment scheme, which give the basis for the measurement of an individual candidate's progress and development, in preparing for professional dance performing or teaching careers. ATTAINMENT

Vocational Graded Examinations are assessed externally by visiting examiners recruited and trained by the *Imperial Society of Teachers of Dancing*.

In the examination the examiner awards a mark of between 0 and 10 for each component (shown on the accompanying grid). A mark of 0 indicates that no work was shown for the Section of the examination relating to that component.

LEVELS OF RESPONSE MARKING CRITERIA

Each component of the assessment is shown on the grid as a column and broken down into mark bands, each of which has a descriptor. The descriptor indicates the quality that will be expected in the candidate's evidence for that mark band.

IDENTIFYING THE CORRECT MARK BAND

Start at the lowest mark band and see whether the evidence meets the descriptor for that mark band. If it meets the lowest mark band then go to the next one and decide if it meets this mark band, and so on, until you have a match between the mark band descriptor and the students' evidence. Once you have identified the correct mark band (as above), you need to decide which mark to allocate within the band. The lower mark indicates that the student has just met the requirement described in the band, the upper mark indicates that the evidence is clear but that the student has not quite met the requirements set out in the next mark band.

DETERMINE AN OVERALL MARK

The candidate is assessed against all components of assessment. The marks for each component of assessment should be added up to determine the final overall mark out of 100.

5. AWARDING AND REPORTING

The examination is divided into Sections and each Section is composed of several components, which are separately assessed and aggregated to give the section total. The total number of marks available in the examination is 100.

Candidates will, however, be unsuccessful if

- 20% of the marks attainable or below are given for any one component
- 40% of the marks attainable or below are given for any three components

This reflects the need to ensure competence across a wide range of components

Title of component	Available marks
Section A – Physical and Technical Skills	
Floor Work	10
Standing Work	10
Travelling Work	10
Jumps and Elevation	10
Section Total	40
Section B – Performance, Presentation & Response	
Style and Theme	10
Use of Space	10
Presentation Skills	10
Recall of Syllabus Content	10
Section Total	40
Section C – Artistic Application	
Structured Improvisation	10
Set Solo	10
Section Total	20
Overall Total	100

The marks are aggregated and the overall mark given out of 100. If all sections are passed then the overall result is indicated as follows:

Grade	Total Marks
Distinction	80-100 marks
Merit	65-79 marks
Pass	50-64 marks
Grade Not Attained	0-49 marks

However, if the candidate is unsuccessful in one or more of the Sections, as explained above, the total mark given out of 100 will not correspond to the result indicators in the chart. In this circumstance, whatever the overall numerical mark may be, the result given will be 'Not Attained'.

CLASSIFICATION OF RESULTS

Candidates receive both a final mark expressed as a percentage and an Attainment Grade. It is not expected that a candidate in a particular Attainment Grade will necessarily demonstrate all of the characteristics listed in that band, but will demonstrate most.

ATTAINMENT GRADE DESCRIPTORS
DISTINCTION – 80-100
<p>A candidate who achieves a 'Distinction' classification is one who demonstrates the following attributes in performance:</p> <ul style="list-style-type: none">• extremely strong technique;• high clarity of intention in execution of the movement;• excellent precision in the technique of the genre;• highly sophisticated use of dynamics and spatial elements;• very confident and accurate responses to instructions, questions asked and/or tasks set;• very strong performance skills.

6. REGULATION

Imperial Society of Teachers of Dancing Graded and Vocational Graded Examinations, Diploma in Dance Education (DDE) and Diploma in Dance Pedagogy (DDP) are regulated by Ofqual in England; Qualifications Wales in Wales; and the Council for the Curriculum Examinations and Assessment (CCEA) in Northern Ireland.

The Regulated Qualifications Framework (RQF) provides a single, simple system for cataloguing all regulated qualifications, indicating qualifications by their level (degree of difficulty) and size (amount or breadth of learning). All qualifications on the Regulated Qualifications Framework RQF have a 'size' which is expressed in terms of Total Qualification Time (TQT). One credit corresponds to 10 hours of learning for the typical learner, which is divided into Guided Learning hours (GLH), which is broadly contact time with the teacher, and personal study time, which together make Total Qualification Time (TQT).

Qualification Title	Ofqual Qualification Number	Guided Learning Hours (GLH)	Total Qualification Time (TQT)	Credits
